

Message From the Frontiers International Foundation Inc. Chairperson:

Greetings Members and Supporters of Frontiers International Foundation, Inc.: Happy New Year to each of you. I hope that you, your friends and loved ones were blessed with a safe and joyous holiday season. We look forward to a new year filled with incredible promise and opportunities.

This is a time for reflection on the past year (s) and for making plans for the future. It is, therefore, an opportune time for me to express my appreciation and gratitude to our valued members who voted me in as your Chairperson. I want to take this time to thank you for your generosity and support during 2014 and look forward to the continued support in this New Year. The members that continue to reach out to us and support

us as we make the sometimes-difficult decisions necessary to improve and advance our organization have encouraged us.

Most assuredly, I appreciate the support and assistance that I feel confident will be given to me during my first full year as your Chairperson. We will attain greatness as we continue collectively towards the achievement of our vision to increase educational opportunities and addressing health related issues through various programs. Our goals cannot be achieved without embracing change and building on the past successes of this organization.

As you know our outreach focus has been and will continue to be **The American Vitiligo Research Foundation, The American Cancer Society, and Sickle Cell Disease Association of America, Inc.** We will work going forward to expand our interest and focus as we include education on Childhood Obesity and Lupus. Communication will be a key role in the success of the Frontiers International Foundation Inc. with key constituents and building stronger ties with our external communities. I look forward to working with our Frontiers International Chairperson Yokefellow Wilma Evans and National Coordinating Council President Yockette Colleen Moon.

Yours in Service,

Betty J. Mills
